Muhammadi Steel

About us

We are a **specialist distributor** of foodservice, laundry and commercial equipment.

With our products and services, we respond to the needs of the professionals in the catering industry, acting as a one-stop shop and offering an **integral, global solution** with the best **price-quality** ratio.

Close to you, close to your business.

At Muhammadi Steel, we want you to develop the project for your business with complete peace of mind. **We accompany you from beginning to end**, to avoid any false steps and make sure that all the decisions you take are the right ones.

We help you optimise the use of your space, taking into account the most important business criteria: circulation of the product and personnel, production, ergonomics, health and hygiene criteria that must be observed, energy consumption and any other variable that must be taken into consideration.

In addition, we offer you professionalised monitoring of the development of the construction and assembly of the facilities. Muhammadi Steel will also be with you at the fundamental moment of starting up.

We offer you the services of our sales personnel and our technical team, to train you in the use of the machinery in a way that allows you to get the most out of it. The after-sales service is essential for any business related to the catering industry, and, at Muhammadi Steel, it is one of our flagships.

PRE-SALES

"Before even getting to know you, we are thinking about you."

SALES

"Because we know you and you know us, we can adapt to your needs. Tailor-made solutions."

AFTER-SALES

"Our involvement is constant before and after the sale. We are a team and we evolve together."

We
accompany you
and **advise you**
during **the entire**
project.
